## **Environmental Policy Of Fox Mico Ltd**

As a leading mechanical & electrical contractor, Fox Mico Ltd recognises that our operations have an effect on the local, regional and global environments. However, as a consequence of this, the management are committed to continuous improvements in environmental performance and the prevention of pollution.

The company considers its environmental impact throughout all stages of a project and the day-to-day running of the business. This includes from initial tender stage, the design & through to on-site installation & finally the disposal of redundant equipment.

Fox Mico Ltd ensures, where possible, that green issues are kept at the forefront of all aspects of the business including:

- Recycling of all old lamps used both internally and externally on each contract in accordance with WEEE directive.
- Preference given to approved 'green' suppliers who value the environment too
- Chlorine free, recycled paper from sustainable sources on all direct marketing material
- Use of electronic communication to customers and suppliers to reduce paper where possible
- Recycling of packaging materials and paper from all levels of personnel
- Recycle all printer cartridges.
- Minimising waste
- Efficient use of water and energy at our Offices
- Use of biodegradable chemicals
- Minimising use of solvents and lead-based paints
- Phasing out of CFCs and ozone-depleting substances.
- Corporate vehicles kept to a minimum, where possible public transportation utilised
- Promotion and integration of solar energy to clients (PV array) and energy efficient lighting and smart lighting controls
- The education/training of employees in environmental issues and effects of their activities

Our Quality Assurance Policy is reviewed annually and this Statement may be subsequently updated. A copy of the Statement is displayed at all our site office locations.
